

Word had reached the taghut pharaoh that his ruling will end by the hands of a man from Bani Isra'il, and he was shaken by it, and ordered to kill every newborn in Bani Isra'il, until they complained that this action will eradicate those who serve them, meaning they will have to work themselves. Then he made the killing order one year for every two years! Musa, peace be upon him, was born in the year where children are killed, as a fatal destiny for the pharaoh and the tawaghit resembling him, and he was raised on the expenses of the pharaoh. Only a few years passed before the kingdom of the pharaoh collapsed, and Allah drowned him and his soldiers, and despite all the precautions the pharaoh took, it could not prevent Allah's destiny.

Ibn Kathir, may Allah have mercy on him, said: "Many times Allah mentions the story of Musa, peace be upon him, with the pharaoh in His Holy Book, because it is a wonder. The pharaoh took every precaution possible against Musa, yet Allah destined that he would raise this one for whom he was so cautious, in his home and on his table just like a son. Then, after Musa grew up, Allah provided him with a reason to leave them, and granted him prophecy and the message and His spoken words, and sent him to the pharaoh to invite him to worship Allah and return to Him. Despite the vastness of the pharaoh's kingdom and his sovereignty, he came to him with Allah's message, and he only had his brother Haron. peace be upon him, by his side. But the pharaoh revolted and was arrogant, and his filthy self took over him, so he strengthened his position and took support from his party, and claimed what is not his to claim, and dared Allah, and insulted the people of faith among Bani Isra'il... until Allah brought down upon them His might, and drowned them all in one day".

This goes for all the tawaghit of our time today, trying to prevent Allah's destiny which they know. Alas, even America came to Iraq with huge armies and led a vicious war against the mujahidin, knowing that the mujahidin are trying to establish the Khilafah. Even their taghut Bush said back then: "The terrorists regard Iraq as the central front in their war against humanity. And we must recognize

Iraq as the central front in our war on terror. The terrorists believe that controlling a country will make the Muslim public travel to them, enabling them from bringing down the moderate governments in the region, and establish an Islamic empire reigning from Spain to Indonesia."

He spoke the truth despite being a liar. Only a few years passed before the Khilafah was announced, fulfilling the words of the Prophet ﷺ "then it is a Khilafah on the prophetic method", and its Wilayat scattered all over the earth, marking a greater victory which the Ummah of Islam will have soon, In Sha' Allah.

The Crusader America made an international alliance that is joined everyday by a fox among the taghut foxes, to eliminate the Khilafah, but it only becomes steadier and its good is revealed to Muslims so they would know the truth of its path, and how it is the only one holding the battle against all nations of kufr. The Khilafah remains standing to this day by Allah's grace and support, in spite of the noses of the American tawaghit and the Crusader alliance, who know very well the target of the Islamic State which is related to the saying of the Prophet ﷺ "Allah has shown me the earth, and I saw its farthest east and west, and the reign of my Ummah will reach what I was shown," and his good news ﷺ that we will conquer Rome. These tawaghit are trying to push a destiny that there is no escaping from, no matter how many armies they prepared, and despite their media campaigns, and regardless of much intelligence they gathered and other preparations they made.

The Khilafah became a nightmare for the countries of the alliance, and a source of worries that they keep bringing up, until it became their worst fear. Every time the soldiers of Khilafah become active, the tawaghit of that country call crying for the world's help with its countries and organizations, to support them in fighting the soldiers of Khilafah. This only shows the desperation and incapability of those countries in fending off the mujahidin of the Islamic State despite their few numbers in comparison to the armies surrounding them. Has fear of the Khilafah grown in them this much?!

Why Do They Fear the Khilafah!

These people know that the Khilafah is a dream which the Muslims have been seeking for years, to unite them together under a single Imam, leading them with the Book of Allah and Sunnah of the Prophet ﷺ.

They are afraid of the Khilafah, because it opens for the sons of Muslims the market of jihad for the sake of Allah which the tawaghit have closed and blocked people from them for long decades.

They are afraid of the Khilafah, because it does not choose its Khalifah with election boxes, but with boxes of ammunition, and because it does not protect the interests of the Crusaders and the Jews, but protects the interests of the religion.

They are afraid of the Khilafah, because it does not follow the laws of the nations of kufr, but it steps on them, and its knights step over their conference rooms and conquer them in reality and not figuratively.

They are afraid of the Khilafah, because of how clear its project and goal is, to reclaim all the land which was once ruled with Allah's Shari'ah, which makes the tawaghit lose their control over the world, and lose their arrogance which they are pleased with now, and threatens their routes of travel and trade.

To terrorize the Kuffar is a godly order and the path of the Prophet ﷺ. Allah said: "And prepare against them all the power you can muster, and all the cavalry you can mobilize, to terrify thereby Allah's enemies and your enemies" (Al-Anfal: 60). This is the word of the Qur'an to the believers to prepare all the power they can to terrorize the enemy and scare him, and then Allah delivers terror to the hearts of the kuffar, and that is the soldier of Allah which He unleashes upon the kuffar. It is a specialty that was granted to his Prophet Muhammad ﷺ and his Um-

mah after him. He said ﷺ: "I was given five things which no prophet before me was given, I was supported with terror for the distance of a month's journey".

Establishment for the oppressed is a promise for who believes in Allah and is sincere in his belief. Allah said: "But We desired to favor those who were oppressed in the land, and to make them leaders, and to make them the inheritors. And to establish them in the land" (Al-Qasas: 5). And this will come to be, even if the kuffar warned and were cautious, and even if they were worried and alert. Allah said afterwards: "and to show Pharaoh, Hamaan, and their troops, the very thing they feared" (Al-Qasas: 6).

If those who want a change exist, then Allah has promised to make the change for them: "Allah does not change the condition of a people until they change what is within themselves" (Ar-Ra'd: 11), especially if they worked with the causes of change, such as patience and certainty with Allah's promise. That is how leadership in religion is achieved. Allah said: "And We appointed leaders from among them, guiding by Our command, as long as they persevered and were certain of Our communications" (As-Sajdah: 24). Those who cannot be patient and endure hardships for the sake of Allah or were doubtful of the victory of Allah are forbidden from leadership in religion and success in establishment. And with the severe threats of the kuffar and the nations of the cross to the muwahhidin and their supporters, their certainty in Allah only increases, as this is the tradition of the prophets, peace be upon them. When Bani Isra'il heard the threats of the pharaoh, they complained to Musa, peace be upon him, and he said to them: "Seek help in Allah, and be patient. The earth belongs to Allah. He gives it in inheritance to whomever He wills of His servants, and the future belongs to the righteous" (Al-A'raf: 128). Certainly the future belongs to the righteous, and Allah will definitely give the earth in inheritance to His righteous worshipers. "We have written in the Psalms, after the Reminder, that the earth will be inherited by My righteous servants" (Al-Anbiya: 105). All praise is due to Allah, the Lord of all creation.
